DAS WIR GEWINNT

See a need and act on it.
C a r i t a s

is a Caritas project in Germany in which artists with and without disabilities meet and engage in a creative process. Several “artist pairs”, each composed by one artist with disabilities and one without, enter into an artistic dialogue and create a new work of art. Always different, always colourful.

Deutscher Caritasverband (DCV):

The German Caritas Association is the largest welfare organisation in Germany and organises the social work of the Catholic Church. “See a Need and Act on It” – such is the motto of our organisation. With its activities Caritas sees itself as a service provider, advocate and partner of those who are disadvantaged, promoting social solidarity.

Our EU office focuses on representing the concerns of people who suffer from exclusion and poverty on a European level. Therefore, the EU office covers topics such as the provision of social services, migration and asylum issues, public health, anti-discrimination or education and youth policies.
